Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

hi i do not make any long distance calls.i feel this tax will be unjustly put on people like me who need a track phone.i am 71 years old and need the phone to protect my grandchildren and my self when we are out.i have them 3 to 4 times a week. i can not spend any more money for this peace of mind.i hope that you understand what i have said. tks jerry

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,
